**WILLIAM BEAKER RETIRES, OSCAR ROQUE PROMOTED**

CARY, NC (March 4, 2020) – Container Graphics Corporation (CGC) announces the retirement of Vice President and Regional Manager, William (Bill) Beaker. Bill began his career in the cutting die industry in 1977 as a die maker with Tech Steel Rule Die in Marysville, Michigan. Tech Steel Rule Die was acquired by Container Graphics in 1982. Over the next many years Bill rose through the company as Production Manager, Sales Manager, General Manager, and Regional Manager. At the time of his retirement he had worked over 43 years for the company and was a member of its Board of Directors.

At a recent company gathering to celebrate his career with Container Graphics, Neil Saunders, President and CEO, said, “Bill helped lead the company in laser cutting, international exports, and has been a champion of innovation and automation. He has been a great supporter and developer of the people that have worked on his teams. Bill is excellent at promoting and developing talent.”

Oscar Roque, Vice President-International Exports, has been promoted to Vice President and Regional Manager of the company’s northeast region. Oscar has successfully led international exports for the company for over twenty years. In addition to his responsibilities as Regional Manager, he will continue to be responsible for the company’s international exports team. Mr. Saunders has commented, “I have worked with Oscar for many years and look forward to his leadership over this important division of CGC.”

**About Container Graphics Corporation**

Container Graphics Corporation (CGC) is the leading North American supplier of printing plates and cutting dies to the corrugated converting and brand packaging industries. CGC’s solutions deliver productivity and performance in packaging supply chains. A privately-held business of nearly 60 years, CGC is headquartered in Cary, North Carolina and maintains 14 facilities across the United States and Canada.
